Please answer each question in 300 words of less. (Use more paper if necessary)	
How do you see yourself as a leader or future leader in water management? Please feel free to draw on your professional, educational, community or other experiences.	

Why are interdisciplinary approaches to water management important to you?

How will your participation in the MIWM program assist in your professional development and your contribution to the water sector?

Terms and conditions

Value of Scholarship

Domestic students: Scholarships for students who are Australian citizens, New Zealand citizens or permanent residents include both full-tuition and partial-tuition scholarships for the MIWM Program. International students: Scholarships for international (overseas) students includes full-tuition or partial-tuition scholarships of the MIWM Program and Overseas Student Health Cover for the period of enrolment in the Program.

Restrictions

IWC Water Leader Scholarships cannot be used to for any purpose other than the recipients tuition payment and overseas health care.

Scholarships are available in the year of offer only.

Recipients of partial scholarships are responsible for paying the remainder of the tuition fees each semester. IWC Water Leader scholarship will be distributed equally between each semester of the program.

Program of Study

IWC Water Leader Scholarships are to support students enrolled in the Master of Integrated Water Management Program only.

A student holding an IWC full scholarship may not concurrently hold another scholarship without the approval of IWC.

Duration of Funding

IWC Water Leader Scholarships fund both full and partial tuition fees for a maximum of 24 units, to be completed in a maximum of 4 years for full-time students; maximum of 6 years for part-time students, including field placement/s. International students on an Australian Student Visa are required to complete the program within the duration specified in the Confirmation of Enrolment (CoE). Requests for extensions to the period of study or temporary suspension of the scholarship must be made in writing to The University of Queensland for review on a case-by-case basis.

Activities during scholarship period

Scholarship recipients will be expected to participate in professional development activities beyond the MIWM regular coursework requirements. These additional activities are required but will not result in additional academic credit and may include but are not limited to:

- Collaborating with International WaterCentre's marketing and communications department to provide interviews and written articles for commercial release
- Providing up to one to two hours per week in the International WaterCentre head office for research purposes as set forth by the International WaterCentre Program Managers
- Present research at selected conferences throughout the duration of the program as designated by International WaterCentre
- Failure to participate will result in the forfeiture of the scholarship

Fieldwork

IWC Scholarship students may choose to conduct fieldwork in Australia or overseas as part of WATR7500 Integrated Water Management Project and/or WATR7200 Capacity Building and Community Development for IWRM. All costs related to field work are the responsibility of the Recipients. Recipients are solely responsible for obtaining relevant visas for overseas field work and for ensuring they are in compliance with all visa requirements.

Withdrawal or Termination of Award

The IWC Scholarship will terminate if:

the student withdraws from the Program ;

- the student does not conform to the terms and conditions of the Scholarship; or
- the student does not conform to the relevant university partner's rules and policies.
- The student does not complete each semester with satisfactory progress. Scholarship recipients must maintain a Grade Point Average of 5.5 or above in order to avoid termination of the scholarship.

The IWC Scholarship will terminate if the Recipient does not resume the Program at the conclusion of a period of approved leave of absence or does not make arrangements for the approval of an extension to the period of leave of absence.

The IWC Scholarships are tenable at the relevant university partner subject to satisfactory progress according to the university partner policies.

Declaration
